Landscape Structures Launches 12th Annual Parks & Recreation State Speaker Scholarship Program

Annual program has awarded 265 scholarships to support conference speakers
Delano, Minn. (Aug. 3, 2020) — Landscape Structures Inc., a Delano, Minn.-based commercial playground equipment manufacturer, has announced that they are once again accepting applications for their annual Parks and Recreation State Speaker Scholarship program. The 2020-2021 program will support the appearances of keynote speakers at state parks and recreation associations' annual or regional conferences.

Recipients of the 2020-2021 scholarship will receive \$2,500 to support the appearances of keynote speakers at state parks and recreation associations' annual or regional conferences. New for this program year, Landscape Structures will provide one complimentary Play Healthy™ Hand Sanitizer Station to each state association awarded a scholarship to raffle off, donate or share with a member. Children and families have been eagerly waiting to get outside and back to the playground during this global pandemic, and Landscape Structures is happy to help communities return to play safely with this new product offering. Scholarship applications are being accepted now through June 30, 2021.

Since the scholarship program's inception in 2009, Landscape Structures has awarded 265 scholarships to state associations and more than \$660,000 to support the appearances of speakers at park and recreation conferences throughout the nation.

“We are proud to continue our support of state parks and recreation associations through this scholarship program,” said Lynn Pinoniemi, vice president of marketing at Landscape Structures. “We are grateful for the work that these associations and their members do, especially during these unprecedented

times. By providing spaces for play and recreation, they are truly helping shape the lives of everyone in their communities.”

To complete an application for Landscape Structures’ 2020-2021 State Association Speaker Scholarship, visit playlsi.com/speaker-scholarship/.

Since 1971, Landscape Structures Inc. has been the leading manufacturer of commercial playground equipment in the world. Our employee-owned company designs community and school playgrounds that encourage kids of all ages and abilities to learn persistence, leadership, competition, bravery, support and empathy through play. We push the limits—of design, inclusion, play—to help kids realize there is no limit to what they can do today and in the future. For a better tomorrow, we play today.
